

NICHOLAS RETI

 OH BE JOYFUL
GALLERY
at Crested Butte

September Zenith, 30 x 40, oil (featured on front and back cover)

A Nicholas Reti painting depicts sincere emotion and a love of life and color. His range of subjects, captured with a discerning eye, evoke his love for the western landscape and changing seasons. Reti's small field studies possess a directness and a playful brushstroke and his large works exhibit refined drawing.

Nicholas arrived in Crested Butte with the CB Art Festival in 2007. He began to show at the Oh Be Joyful Gallery in 2008, and eventually took over ownership in 2015. He currently serves on the design committee for the new CB Center for the Arts and is working on a project to assemble the history of art in Crested Butte.

Whether you're looking for a large centerpiece for your collection, or a small reminder of your visit, you'll find something unexpected you'll love in our diverse collection of Nicholas's paintings.
